WORK EXPERIENCE

FreeLancer   2022 – 2023
Front End Developer   Cairo, Egypt
  E-commerce website for Clothes Store.
  – A fully functional e-commerce web application, designed to provide a seamless online
    shopping experience for customers.
  – It provides the user with a catalog of different product available for purchase.
  – In order to facilitate online purchase a shopping cart is provided to the user.
  – Developed and launched a responsive website using HTML, CSS, JavaScript and React.

PROJECTS

Gericht Restaurant   Oct 2023
THE KEY TO FINE DINING
  A comprehensive web application for a fictional restaurant, designed to provide an
  exceptional online experience for customers. This project showcases my ability to design
  and develop a user-friendly interface, implement e-commerce functionality, and deploy a
  functional web app. Developed and launched a responsive website using HTML, CSS,
  JavaScript and React.
